**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 12-16 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: the prior art's references of record do not disclose that the case is welded to the inner cores but not welded to the outer cores, to form two independent magnetic circuits formed by the inner cores, the case, and the outer cores. This will provide the stepping motor with a uniform rotational characteristic. (As presented in the previous office action)
